SUMMARY

MCA Graduate with a strong foundation in Software Development, Artificial Intelligence, and Data Analytics. Skilled in building modern web applications, developing intelligent solutions, and transforming data into meaningful insights. Proficient in programming, web technologies, machine learning concepts, and data-driven problem solving. Passionate about continuous learning and leveraging technology to create impactful digital solutions.

EDUCATION

Sir C. R. Reddy PG College

Master of Computer Applications (MCA)

2024 – 2026

Aditya Degree College

Bachelor of Computer Applications (BCA)

2021 – 2024

PROJECTS

VISIONAI

- Developed an AI-powered career guidance platform.
- Designed features for learning roadmaps, interview preparation, and project recommendations.
- Focused on improving career planning through intelligent recommendations.

AI Mock Interview Assistant

- Built an AI-driven interview preparation platform.
- Implemented intelligent question generation and interview practice workflows.
- Enhanced user preparation through interactive learning experiences.

Intelligent Document Search System

- Developed a document retrieval system for efficient information search.
- Implemented keyword extraction and intelligent document indexing.
- Improved search accuracy and information accessibility.

Coronary Artery Segmentation Using U-Net

- Implemented a deep learning model using U-Net architecture.
- Applied image processing and machine learning techniques for medical image segmentation.
- Focused on accurate coronary artery detection and analysis.

TECHNICAL SKILLS

Java

Python

SQL

JavaScript

HTML

CSS

React.js

Next.js

Node.js

Artificial Intelligence
Machine Learning
Deep Learning
Power BI
Microsoft Excel
Data Analysis
Data Visualization
Git
GitHub
AWS Cloud Fundamentals

CERTIFICATIONS

AWS Cloud Practitioner Essentials Certification
Full Stack Web Developer Certification – ST Surveillance
NPTEL Cloud Computing Certification
Cisco C Programming Certification
Deep Learning Certification – HMI Engineering Services
Python Full Stack Developer Certification – ExcelR

STRENGTHS

- Problem Solving - Analytical Thinking - Communication Skills - Team Collaboration - Adaptability - Continuous Learning
